BHA REVIEW

The Baseline Health Assessment (BHA) is an annual tool purposed to encourage and guide your nonprofit's growth and serves as an opportunity to develop a deeper understanding of the six core competencies that accelerate your mission.

If an organization desires to access the comprehensive BHA summary report for all six core competencies at once, Mission Triangle is happy to partner with the organization through its consulting services. To ensure that the BHA is understood and utilized as intended, the **BHA Review** consulting project has been developed to catalyze organizational health and sustainability.

Executive Review

Access to comprehensive BHA summary report for current year (and comparative data for previous years as available).

60-90 minute meeting with Executive Director and Board Chair to discuss results and how results impact growth plan and strategy.

Cost: \$400*

Full Leadership Review

All benefits of the Executive Review

PLUS

90 to 120-minute MT-facilitated board discussion around BHA results and growth plan development.

Cost: \$650*
